EMPLOYMENT HISTORY

Audio-Visual Technology Manager

April 2024-Present

First Congregational Church Of Los Angeles

- Manages a team of technicians, assigning to events based on strengths and weakness.
- Trains team members in new processes and technologies.
- Communicates with clients to ensure all of their technology needs are met, ensuring smooth operation for our technicians
- Takes feedback from events team and other stakeholders to improve workflows and ease of use of all AV technologies.
- Creates custom systems and technologies to meet the needs of all relevant parties including internal and external individuals.
- Edits videos and audio for the Church's podcast and Youtube
- Plays an essential role in developing the technology used in our livestreamed services by using Max to integrate all our hardware and software.
- Works to expand our technology capabilities to attract larger clients and provide a highest quality product possible.

Audio-Visual Engineer I

June 2022-February 2024

University of Southern California, Hotel Audio/Visual Department

- Set, run, and strike USC Hotel/Hospitality AV Events
 - Runs livestream/hybrid meetings for corporate-style conferences
 - Designs audio and video signal flow.
 - Operates cameras, video switchers, mixing boards, and video conferencing hardware/software.
- Plans schedule for setup and testing for AV events.
- Communicates with clients to ensure that their expectations are met and exceeded.
- Troubleshoots and problem solves to meet unexpected clients needs and unexpected issues.

Director, New Music Ensemble

August 2020 - May 2022

California State University, Long Beach

- Directs the ensemble and accomplished organizing the most well attended and well received concert in the previous five years.
- Designs visual components of live and virtual concerts
- Champions the work of young living composers by commissioning ensemble members for pieces
- Managed livestream and mixed audio during virtual concerts
- Led the only live virtual concerts at the conservatory during the pandemic by researching, discovering, and commissioning works that could be performed virtually over Zoom
