EMPLOYMENT HISTORY

Audio-Visual Technology Manager

April 2024-Present

First Congregational Church Of Los Angeles

- Manages a team of in-house technicians and contractors, to meet labor needs for events
- Trains team members in new processes and technologies.
- Communicates with clients to ensure all of their technology needs are met, ensuring smooth operation for our technicians.
- Takes feedback from events team and other stakeholders to improve workflows and ease of use of all AV technologies.
- Creates custom systems and technologies to meet the needs of all relevant parties including internal and external individuals.
- Works with rental companies to secure the best equipment for events
- Edits videos and audio for the Church's podcast and Youtube.
- Plays an essential role in developing the technology used in our broadcasted services by using Max and Bitfocus Companion to integrate all our hardware and software for foolproof and streamlined productions.
- Creates technical documents to organize and help others understand the signal flow and to help troubleshoot.
- Overhauled our post-production pipeline to better store, manage, and distribute digital materials to archive and distribution to clients.
- Designed and implemented lighting systems in multiple spaces.
- Lighting Design for high production events.

Audio-Visual Engineer I

June 2022-February 2024

University of Southern California, Hotel Audio/Visual Department

- Set, run, and strike USC Hotel/Hospitality AV Events
 - Runs livestream/hybrid meetings for corporate-style conferences
 - Designs audio and video signal flow.
 - Operates cameras, video switchers, mixing boards, and video conferencing hardware/software.
- Plans schedule for setup and testing for AV events.
- Communicates with clients to ensure that their expectations are met and exceeded.
- Troubleshoots and problem solves to meet unexpected clients needs and unexpected issues.

Director, New Music Ensemble

August 2020 - May 2022

California State University, Long Beach

- Directs the ensemble and accomplished organizing the most well attended and well received concert in the previous five years.
- Designs visual components of live and virtual concerts
- Champions the work of young living composers by commissioning ensemble members for pieces
- Managed livestream and mixed audio during virtual concerts
- Led the only live virtual concerts at the conservatory during the pandemic by researching, discovering, and commissioning works that could be performed virtually over Zoom
